MIDEAST AT A GLANCE

In the Capitals

NEW YORK — Gamal Abdel Nasser announced his resignation as president of Egypt in a radio and television address to the nation. The National Assembly turned down his resignation. Secretary General Thant gave the United Nations Security Council a report by Syria that Israeli planes were continuing to bomb her villages. Thant said the Israeli government had instructed its representatives to confirm acceptance of the ceasefire "except for measures of self-defense." A report of bombing attacks on Cairo, made by the United Arab Republic, was denied by Israel.

In Moscow Communist bloc leaders discussed the Middle East at a summit meeting then issued a statement supporting the Arabs and calling upon Israel to withdraw, Moscow radio reported.

Peking denounced Soviet support for the cease-fire and said Russian leaders had stabbed the Arabs in the back.

In London, British Prime Minister Harold Wilson said that elements of a lasting settlement between the Arabs and Israel must include Arab recognition of Israel's right to exist and Israeli progress in dealing with problems of Arab refugees.

In Tel Aviv, criticism of President Johnson was voiced by Premier Levi Eshkol of Israel who said that Johnson had promised much but that in the end Israel had stood virtually alone against her enemies.

At the Battlefronts

Syria became a battleground for the first time in the war when Israeli air, armored and infantry units struck after charging Syria with breaking the cease-fire by shelling 16 Israeli border settlements.

In Sinai, Israeli units were reported continuing their mopping up operations against trapped Egyptian infantry and armored divisions. Israel said it had repulsed attacks on units holding the Egyptian escape route from the Sinai Peninsula.

Only sporadic sniper fire disturbed the cease-fire in the now captured old city of Jerusalem. Jordanian authorities reported 15,000 troops and civilians dead in the war. A broadcast from Amman, the capital, implored the Arab population in territory overrun by Israel not to abandon their homes.

Commies Shell Capital

(c) N.Y. Times News Service
SAIGON — Communist gunners shelled the ancient capital of Hue Thursday, killing two civilians and wounding five persons, including a United States soldier.

It was the second time in two weeks that the northern city has been attacked by increasingly aggressive Vietcong and North Vietnamese infiltrators who have shown surprising strength in the area in recent months.

As in the previous attack, 12 days ago, the target of the shelling was the U.S. military compound and the adjoining Vietnamese sector headquarters. There was no ground attack, as there was last time when 15 frogmen blew up and burned the Riverside Hotel in which members of the International Control Commission were living.

Fifty mortar shells hit the city in two spurts. Eleven rounds landed just before midnight and another 39 fell shortly afterward.

Counter mortar fire was laid down against the suspected enemy firing positions with unknown results.

One American soldier was wounded in the U.S. compound. The other casualties were all Vietnamese civilians. A spokesman said there was no damage to the compound.

In the past three months U.S. Marines and South Vietnamese troops have fought several battles near Hue against North Vietnamese forces believed to have infiltrated from Laos. Hue is the Buddhist and intellectual center in South Vietnam and the source of much anti-government agitation.

The attack on the city came as ground fighting elsewhere again fell into a lull with only a few light contacts reported.

Thunderstorms and heavy clouds covered the northern portion of North Vietnam around Hanoi and Haiphong, restricting U.S. air attacks to the southern panhandle. Pilots flew 110 missions, aiming primarily at the means of infiltration—roads, rails, bridges, and cargo boats.

Navy pilots from the Carrier Constellation hit the Phuoc Loi Naval Base near Vinh, near the coast midway between Hanoi and the demilitarized buffer zone with 500 pound bombs. Pilots reported four large explosions.

31 Hurt In PRR Train Crash

LANCASTER, Pa. (AP) — A one-car Pennsylvania Railroad passenger train bound for Harrisburg rammed the rear of a 157-car freight standing just outside the Lancaster station yesterday injuring 31 passengers.

Railroad officials said the freight, headed for Enola, Pa., was cutting off a single car on the inside track when the self-propelled Silverliner car hit it. Officials said the rear of the freight extended beyond the switch onto the main track.

Railroad spokesmen estimate the speed of the passenger train at 20 m.p.h. at the time of the crash. Neither train was derailed.

All available ambulances were rushed to the scene while staffs at both Lancaster General and Osteopathic Hospitals were placed on emergency service as the injured arrived.

Among the injured was G. J. Parhamore, of New Cumberland, Pa., engineer on the Silverliner. The passenger train conductor was identified as J.E. Davis.

Twenty-four passengers were taken to Lancaster General Hospital where they were treated for cuts, bruises and shock. Hospital officials said they admitted Howard Oechala of Philadelphia, Donald Pedrow of Lancaster, J. Raymond Davis of Malvern, and Glenn G. Digelman of Millersville.

Gertrude Rabin, Frances Small and Lydia Widmaler, all of Philadelphia, were admitted to Osteopathic Hospital, authorities there said. All seven were listed in satisfactory condition.

Lancaster General officials also identified one of those treated but not admitted as Dr. S.K. Stevens, executive director of the Pennsylvania Historical Commission. They said he lives at 6320 Center Drive, Camp Hill.

Retail Sales Continue Modest Rise During May

(c) N.Y. Times News Service
WASHINGTON — Retail sales continued their modest improvement in May, according to preliminary estimates published yesterday by the Commerce Department.

Total retail sales were estimated at \$26.1 billion for the month, after adjustment for seasonal factors and the different number of business days in each month.

The sales figure represents an increase of about one-half of one per cent above the April level. More impressive, retail sales this May were 7 per cent above those of May 1966, which was the first full month of severely depressed automobile sales.

Most of this year, retail sales each month have been running 1 to 2 per cent ahead of those in the same months of 1966. Given the price increases that have occurred during any recent 12-month period, such a gain in the dollar total of sales probably represented a decline in the actual physical volume of sales.

For the three-month period, March through May, retail sales

this year ran 3 per cent above those of the same period last year, the department said. They were about 1 per cent above those of the immediately preceding three months.

The increase in retail sales in May was concentrated in the non-durables area. The department said sales were up from April's record level for almost every type of non-durables retailer.

Sales of durable goods showed relatively little change from April to May. A further increase in automobile sales was about offset by declines in sales of other kinds of durable goods.

Average monthly store sales of durable goods during the March-May period were about 1 per cent above the average for the preceding three months and also 1 per cent above sales in the March-May period of 1966.

For nondurables stores, sales were up 2 per cent compared with the three preceding months and 4 per cent compared with the same period of last year.

The preliminary retail sales estimates are subject to revision on the basis of a fuller sample reported later. Such revisions have been large in recent months and have gone in both directions.

Record Defense Bill OK'd

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — The biggest defense money bill ever proposed when the nation was not formally at war emerged yesterday from the House Appropriations Committee.

Accompanying the \$70.3-billion measure sent to the House floor for debate next Tuesday is a committee directive to the Pentagon to defer plans for realignment of National Guard and Army Reserve units.

The bill would provide financing for the Defense Department for the fiscal year starting July 1 and includes \$20.3 billion for use in Vietnam and Southeast Asia.

Added to an estimated \$43.7 billion in carry-over funds, it would give the military \$114 billion, not all budgeted for expenditure next year.

Not since fiscal year 1944, when World War II was at its height has Congress received a bigger bill for defense. The Army and the Navy were given \$86.4 billion in new appropriations that year.

The committee cautioned that the 1968 bill might not be large enough, although Chairman George H. Mahon, D-Tex., said the amount is what the Pentagon said should be adequate unless conditions change.

Despite the near-record total \$11.29 billion was cut from President Johnson's request. But the committee said none of this reduction will hamper the war effort in Vietnam, asserting the

Assembly Turns Down Nasser's Bid To Resign

CAIRO (AP) — Gamal Abdel Nasser announced yesterday he was resigning as president of Egypt but his rubber-stamp National Assembly said early today it would not accept his resignation.

Defeated for a third time by the Israelis in the past 19 years, Nasser had made an emotional address to his people, saying he was abandoning "completely and forever" all duties of office. He is 49.

Later he said he had reconsidered and would leave the question to the assembly for decision.

The assembly met in emergency session a few hours later and declared its strong rejection of any intention by Nasser to leave the presidency.

BY HEDRICK SMITH

(c) N.Y. Times News Service
BEIRUT, Lebanon — Gamal Abdel Nasser announced last night that he had "decided to step aside" as president of the United Arab Republic and to live as a private citizen.

But there were reports of immediate mass public appeals in Egypt for him to stay on.

About an hour after his speech Cairo broadcast a brief statement from Nasser indicating he would discuss his decision today with the Egyptian National Assembly.

Political observers in Beirut speculated that the resignation was part of a maneuver to keep Nasser in power.

Nasser's speech, broadcast by radio and monitored in Beirut, acknowledged a "grave setback" in the four-day war with Israel and said he was prepared to take "full responsibility."

He said he had asked one of his vice presidents Zakariya Mohieddine, to take over as president.

This was seen as a sign that the military group Nasser led to power in 1952 intends to remain in control in Egypt, at least for the present.

Just before the war broke out Monday morning, Cairo announced that Mohieddine was scheduled to visit Washington to discuss the crisis provoked by the Egyptian blockade of the Gulf of Aqaba, which led to the Arab-Israeli war.

In his speech yesterday, Nasser said, "I have decided to resign completely and definitely."

He also said, "I am not liquidating the revolution, because the revolution does not depend on one generation."

His closest political lieutenant, First Vice President Abdel

Hakim Amer, the supreme commander of Egyptian military forces, also announced that he wanted to resign. Until yesterday, Field Marshal Amer has been Nasser's designated successor.

After Nasser's speech, delivered from a radio-television studio, Cairo radio reported that the Egyptian parliament had been called to an urgent session and that a million Egyptians were in the streets of Cairo begging Nasser to stay as president.

In his brief speech, Nasser blamed the United States for the crushing Arab defeat in the brief war that saw Israeli forces overrun the entire Sinai Peninsula and Jordanian ter-

ritory lying west of the Jordan River.

Nasser's speech reflected the crushing strain of the last two weeks, especially of the last four days.

His voice was quiet and subdued. His speech was unusually short. Nasser said he did not want any position in the government or in the Egyptian army in the future but wanted only to live as a private citizen.

His tone contrasted markedly from that of Syrian President Nouredin Atassi, who speaking over Damascus radio only an hour before Nasser, urged the Arabs to follow the example of the Vietnamese and keep up the struggle.

Council Wants Observers To Probe Violations

BY DREW MIDDLETON

(c) N.Y. Times News Service
UNITED NATIONS, N.Y. — The Security Council agreed last night to request Israel and Syria to restore free movement of United Nations observers in the battle area to investigate charges of violations of its cease-fire demands.

The council requested the parties concerned to "extend all possible cooperation to United Nations observers in discharge of their responsibilities" and asked Israel to restore Government House in Jerusalem to Gen. Odd Bull, head of the U.N. Treaty Supervision Organization. Government house at present is occupied by Israeli troops who seized it from Jordanian forces on Tuesday.

Syria and Israel also were asked to restore free movement to U.N. observers in the battle area.

Once General Bull has reestablished contact with his observers, Secretary General Thant said, they would gather reports on the alleged ceasefire violations. These reports will be put before the next meeting of the Security Council scheduled for not later than 10:30 a.m. today. The council adjourned at 10:50 p.m.

Earlier the United States had urged an impartial investigation.

Arabs, Israelis Ignore Pledges of Cease-Fire

By SYDNEY GRUSON

(c) N.Y. Times News Service
TEL AVIV—Israeli armored and infantry forces smashed deep into Syria yesterday after the Syrians, according to the Israelis, had broken the cease-fire on the northern front and shelled 16 settlements along the 40-mile frontier between the two countries.

At 7 p.m. (Israeli time) there were unofficial reports that the leading Israeli tanks were 30 or 35 miles from Damascus, Syria's capital. There was no official confirmation, and no one here expected the Israelis to try to take the capital, although, one Israeli officer said it would not be difficult to do.

Earlier, an unofficial report said one Israeli column had broken through the Syrian lines and captured Qnaitra, a key road junction 12 miles south-east of Gadot, at the northeastern tip of Israel. Qnaitra is on a major highway 40 miles southwest of Damascus.

Gadot was presumed to have been one of the Israeli jumping-off points for the three-pronged assault on Syria.

At Qnaitra the Israelis would be behind the mountains from where the Syrians, deeply dug into the rocks, have pounded Israeli settlements since the war between Israel and the Arab states broke out Monday morning. All day every available plane of the Israeli Air Force—which had established total air superiority in the first hours of the war—poured rockets and bombs on Syrian gun emplacements and the roads ahead of the advancing troops.

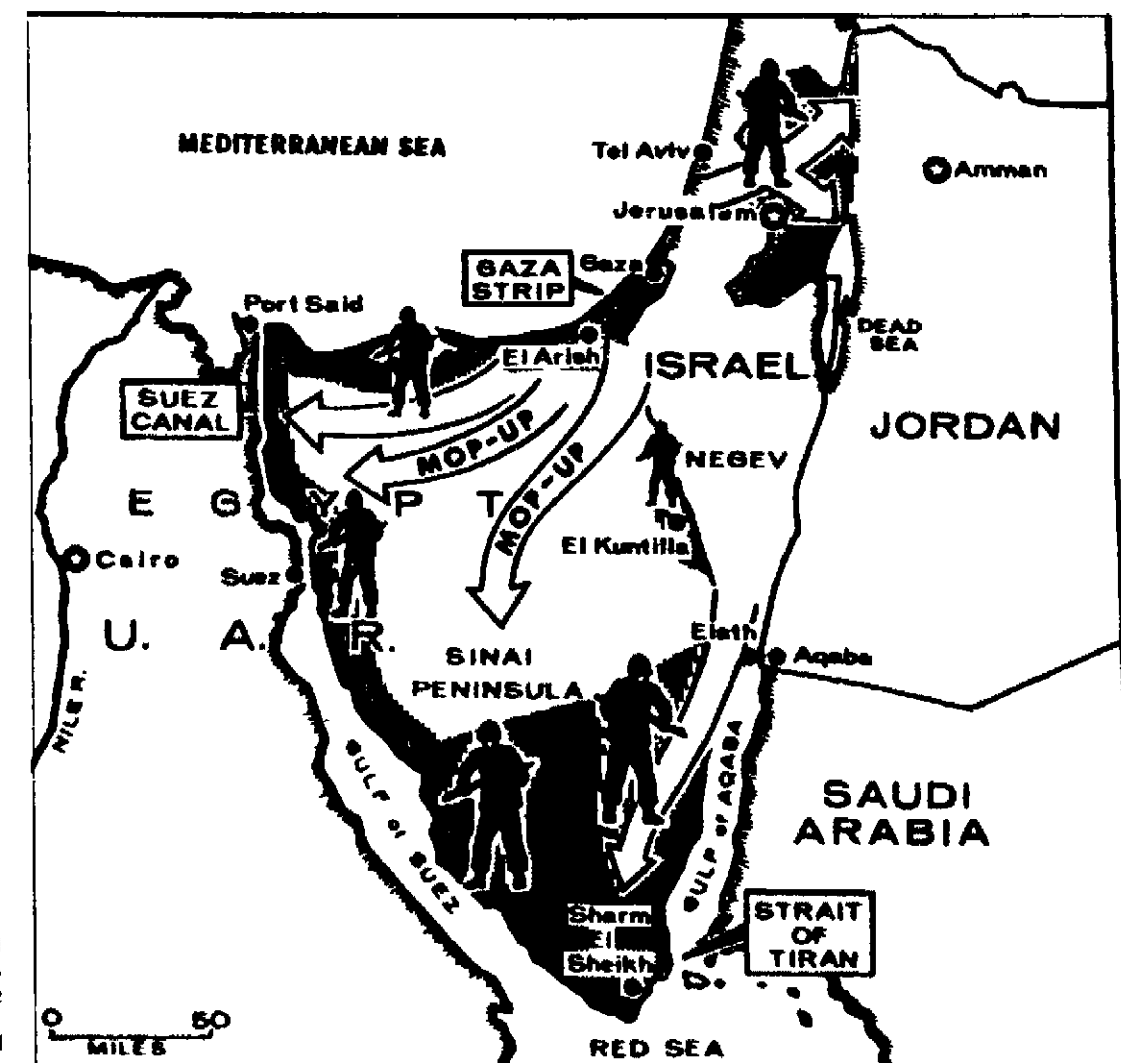

The fighting in the north, taking the war into Syria for the first time, was the only meaningful military action of the day, the Israelis reported.

Only occasional sniping in the old city of Jerusalem disturbed the cease-fire with Jordan, where the Israelis are in control up to the west bank of the Jordan River. The Israelis reportedly were continuing mop-up operations in the Sinai Peninsula, where the remnants of six U.A.R. divisions—four tank divisions and two infantry divisions—are trapped by Israeli armor.

Apparently trying to bring relief to the scattered units still trying to escape, the Egyptians launched an attack on Israeli units holding the central escape route from the Sinai to Ismailia on the Suez Canal. An Israeli communique said the attack "was repulsed" but gave no details.

Israelis here made no effort to hide their jubilation over the government's decision to carry the war into Syria and to end the threat under which settlements along the border have lived since 1948.

As the international pressure to end the war built up in the last two days, after the Egyptian and Jordanian armies crumbled, there was increasing unhappiness over the prospect that Syria would escape the military defeat suffered by her two allies.

Unemployment Rises in State

Total unemployment in Pennsylvania rose slightly in May the Bureau of Employment Security reported yesterday.

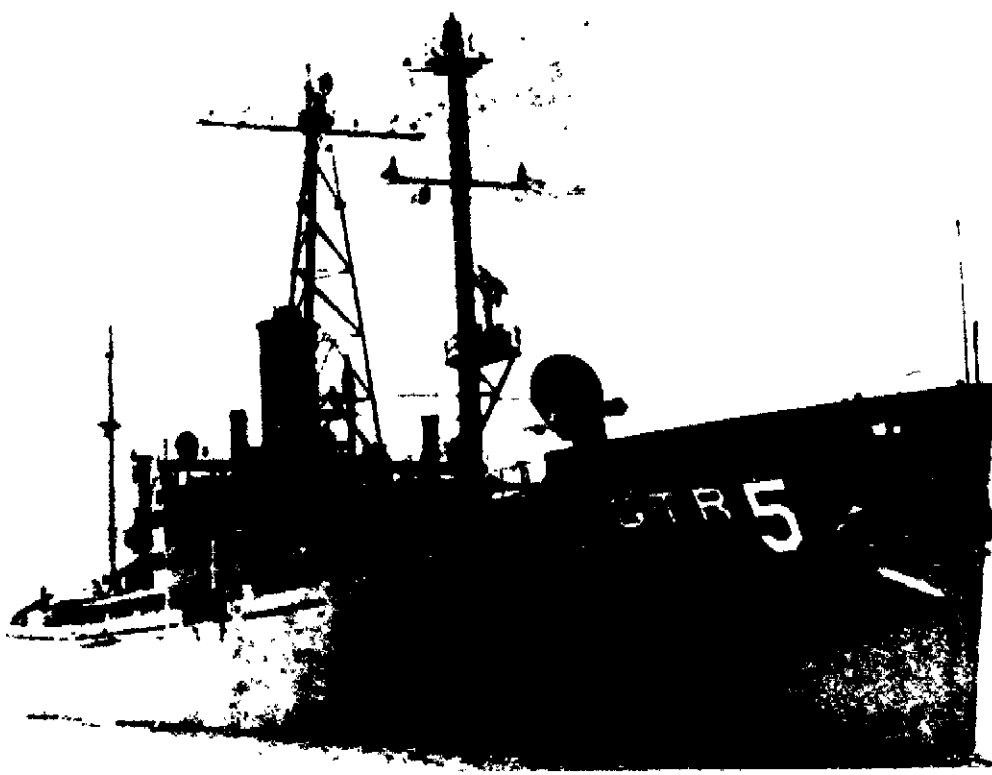

The number of jobless workers in May was estimated at 164,000, an increase of 6,000 over April. The rate of unemployment also rose slightly, moving from 3.3 percent of the total civilian work force in April to 3.4 percent. Both the volume and the rate constituted the second lowest May on record. The lowest recorded May low occurred last year when the unemployed totaled 145,000, representing 3.0 percent of the work force.

The increase, reflected a slowing down in the growth rate of the economy during the first portion of the year. Although the number of employed showed a net gain, largely through additions in nonmanufacturing, particularly construction and service, they were insufficient to absorb completely new entrants and reentrants into the work force.

The national unadjusted rate of unemployment in May was 3.2 percent and the seasonally adjusted rate, 3.8 percent.

Dead and Wounded Moved From USS Liberty to Carrier

By NEIL SHEEHAN
(c) N.Y. Times News Service
ABOARD THE AIRCRAFT CARRIER U.S.S. AMERICA IN THE EASTERN MEDITERRANEAN—Helicopters brought nine dead and 50 wounded men from the Navy electronics ship Liberty aboard this carrier and the nearby cruiser Little Rock yesterday. They were accidental casualties of a war in which the United States wished to remain neutral.

"It's been a real stupid war for us so far," said one officer as the wounded began arriving on the crowded flight deck.

The first casualty was brought aboard while the ships were 90 miles apart and the America was still steaming east toward a rendezvous with the crippled Liberty east of Crete.

As the olive green UH-2A Navy rescue helicopter slowly descended to the flight deck, Navy medical corpsmen, sailors and flight deck crewmen in red and yellow shirts ran forward to the aircraft. They picked up the wire litter in which the wounded men were lying, ran back across the flight deck with it, and gently placed it on the elevator which carried the injured to the hospital below.

The process continued for two and a quarter hours as the carrier's three helicopters shuttled between the approaching ships. The helicopters were unable to land on the Liberty and had to hover off her bow and hoist the wounded up on cables.

About a third of the men were still able to walk and the rest were litter cases. Many of the wounded appeared to be seriously hurt with multiple head, chest, abdominal and leg wounds.

The flight deck was crowded with sailors taking photographs, and several times the flight control officer had to warn them over the loudspeaker to clear the deck so that the helicopters could land and jet fighters take off and land.

Hospital Corpsmen Frank Patterson, 32, of Webb City, Miss., and Forrest Shook, 22, of Newton, N.C., who were supervising the transport of the wounded from the helicopters to the hospital below decks, said several were "in bad shape" from what appeared to be fragmentation wounds.

It appeared that the six strapping passes on the ship by the Israeli jets had been responsible for most of the casualties.

Finally, as the first four dead were brought aboard in green rubber sacks, the America pulled alongside the Liberty and hundreds of the carrier's crew gave three loud cheers for the battered ship and her crew.

The other five dead were brought aboard shortly afterward.

Board of Inquiry to Probe Attack on Ship

(c) N.Y. Times News Service
WASHINGTON—Pentagon officials disclosed yesterday that a board of inquiry has been ordered to investigate the circumstances surrounding an air and sea attack on an American Navy vessel in international waters off the Sinai coast.

The most puzzling aspect of the unprovoked assault, they said, was the fact that the ship was not identified as a friendly vessel during a 20-minute interval between strafing runs by two Israeli jets and a subsequent attack by three torpedo boats.

The board of inquiry will be convened, sources said, by Admiral John S. McCain Jr., commander-in-chief of Navy forces in Europe. It is expected the board will have its first session at Suda Bay, Greece, on Monday, they said. The stricken vessel, the U.S.S. Liberty, was due to arrive at Suda Bay at about 6:30 p.m. (EDT) today.

A report late yesterday listed 9 killed, 22 missing and 75 wounded in the Thursday afternoon attack. Military men feared there was little likelihood that any of the missing men were alive. Some may have been thrown overboard in the attack and the rest were believed trapped in flooded compartments of the ship.

The White House released the text of a message from the Israeli prime minister, Levi Eshkol, to President Johnson. It read:

"I was deeply grieved by the tragic loss of life in the United States naval ship 'Liberty'. Please accept my deep condolences and convey my sympathy to all the bereaved families.

"May all bloodshed come to an end and may our God grant us peace evermore."

UN

tion of violations of ceasefire orders in the Middle East by Thant, armed with adequate machinery to implement Security Council resolutions.

Ambassador Arthur J. Goldberg put the authority of the administration behind these proposals designed to cut through the welter of charges and counter charges between Israel and the Arab states.

Israel and Syria yesterday afternoon announced their acceptance of the ceasefire resolution. But throughout a long, acrimonious debate Syria and the United Arab Republic charged continued Israeli aggression and Israel declared it had accepted the resolution and when it fought did so only in self-defense.

Last night Thant told the Security Council that, according to reports from the Syrian government, Israeli planes were continuing to bomb Syrian villages and Israeli tanks and armored cars were "massed" inside Syria for further attacks.

Thant also reported that Ambassador Gideon Rafael of Israel had been instructed by his government to "confirm that the government of Israel accepted the ceasefire order for the cessation of hostilities" and that "all fighting had stopped except for measures of self defense" where Israeli forces were under attack.

Ambassador Mohammed El-Kony of the United Arab Republic followed with a charge of bombing of Cairo yesterday morning by Israeli aircraft.

Rafael told the council that "extremely heavy artillery fire" was being directed from Syria onto Israeli villages causing "very heavy damage."

He declared that Syrian reports of Israeli bombing of Damascus were "false without any substantiation" and that the U.A.R.'s charge that Israel aircraft had bombed Cairo was a "malicious fabrication" which Israel "categorically" denied.

Earlier, Israel and Syria accepted the security council's demands that they stop fighting, but reports of bombing and armored battles near Damascus still filtered into the chamber.

The demands were embodied in a new Security Council resolution presented by the president, Hans R. Tabor of Denmark, and adopted unanimously early in the council's stormy meeting.

The council recessed at 4:25 p.m. after agreeing to meet again in two hours to learn from Secretary General Thant if its orders to end hostilities had been obeyed.

During the interval George Tomeh, the Syrian representative, told the New York Times that "the Israelis are clearly stalling to gain time for further territorial gains." Damascus, he said, had been heavily bombed with "great destruction" in the souk or market area and in the diplomatic section.

First, Syria and then Israel accepted the resolution's demand that "hostilities should cease forthwith." But Ambassador Gideon Rafael's customary stipulation that the Israel government could comply only if Syria did, provoked some of the angriest exchanges of this critical debate.

Soviet Ambassador Nikolai T. Fedorenko accused Israel of stalling and demanded the withdrawal of her forces from Syria, Jordan and the United Arab Republic and an unconditional acceptance by Israel.

Rafael patiently repeated that Israel would cease fire if Syria did, indeed could only do so under those circumstances.

State Faces Serious Problems If Districting Bill Passes

HARRISBURG (AP) — Pennsylvania faces a serious congressional reapportionment problem if a measure approved by the U.S. Senate Thursday should ultimately clear the Congress.

According to unofficial calculations here, as many as 16 Pennsylvania districts are out of line with the one-man, one-vote population variance set out in the Senate-approved bill.

Under the Senate version, a spread of no more than 10 per cent — 5 per cent above and 5 per cent below — would be permitted for the mean population figure in each state.

According to the 1960 census—Pennsylvania population, 11,319,366—the mean base in the Commonwealth would be 419,347.

This would dictate, according to the Senate action, that no Pennsylvania district contain more than 440,000 people or no less than 398,000.

The Senate version of the reapportionment legislation was sent to a joint House-Senate conference committee to settle the variance differences between the two chambers.

The House proposed a 30 per cent variance until the 1972 elections, when the spread would drop to 10 per cent.

The Senate bill would require a 10 per cent limitation immediately. Washington reports have it that the conference committee most likely will settle on a spread between 30 and 10 per cent.

The state's Congressional districts were last reapportioned at a special session of the General Assembly last year.

These are the districts which, according to the 1966 realignment, still would exceed the maximum limit of 440,000:

The 6th represented by Rep. George M. Rhodes, D; 11th, Rep. Daniel J. Flood, D; 12th, Rep. J. Irving Whalley, R; 13th, Rep. Richard Schweiker, R; 15th, Rep. Fred B. Rooney, D; 17th, Rep. Herman T. Schnebli, R; 22nd, Rep. John P. Saylor, R, and 24th, Rep. Joseph P. Vigorito, D.

These districts would fall below the permissible minimum of 398,000:

3rd, Rep. James A. Byrne, D; 4th, Rep. Joshua Ellberg, D; 7th, Rep. G. Robert Watkins, R; 8th,

Rep. William G. Blester, R; 9th, Rep. Lawrence G. Williams, R; 14th, Rep. William S. Moorhead, D; 16th, Rep. Edwin D. Eshleman, R; and 21st, Rep. John H. Dent, D.

Only two districts, by unofficial computations, would be affected under the 30 per cent variance proposed through 1971 by the U. S. House. Whalley's 12th would narrowly be above the 480,000 maximum while Blester's 8th would border the minimum of 356,000.

The exact status of the reapportionment problem must await a final determination by the congressional conference committee.

Nigerian Rebels Ready For Attack

By LLOYD GARRISON
(c) N.Y. Times News Service
ETE, NIGERIA—In Ete, only a mile from the eastern region's frontier with Northern Nigeria, rebel troops were dug in, the farmers had sharpened their machetes, and even the children carried guns carved from wooden sticks.

Everybody was equipped for an attack by the northern-dominated federal infantry in an attempt to crush the eastern region's secession, which was declared on May 30, by Lieut. Col. Odumegwu Ojukwu, the region's leader.

Here at the "front" it is still a waiting game. Only people's nerves have shown signs of the tension.

Taking photographs is forbidden. A color photo, however, would show this rolling farm country green from the seasonal rains. The hand-tilled open land is now sprouting beans, peppers, yams and shoulder-high corn.

The troops here carry a variety of arms—Czech, British, East German and American—that were bought in Europe and smuggled in before secession. They are also well-stocked with dynamite from the coal mines farther south.

"If the north invades," said a demolition sergeant as he strung a wire to a charge under a small bridge near here, "they're going to have to swim every river in the region."

The rebel troops appear fit and disciplined. Hardly a man in these units hasn't had a relative killed in the May, July and September, 1966, programs against the easterners living in the northern region. The killings were carried out in retaliation for the murder of Sir Abubakar Tafawa Balewa, the prime minister, by the easterners at the time of the coup d'etat in January, 1966.

Peking Denounces Soviet Action in Middle East

(c) N.Y. Times News Service
HONG KONG—Peking yesterday denounced Soviet support for a cease-fire in the Middle East and charged that Soviet leaders had "stabbed the Arab people in the back."

The Chinese comment, which appeared in Peking's Jenmin Jih Pao, came as the United Arab Republic and Syria joined Jordan in agreeing to accept the cease-fire proposed by the United Nations Security Council.

Peking throughout the Arab-Israeli war repeatedly encouraged the Arab nations to continue fighting until they were able to win a battlefield victory and poured scorn on moves aimed at bringing about a cease-fire.

Thursday Premier Chou En-Lai had a meeting with Egyptian Ambassador Zakaria El-Adly Imam. He reiterated China's support for Arab countries against what he called "aggression of the United States and British imperialism and their tool Israel."

Arab countries will win the final victory, he said, as long as they are "united, persist in the long-term struggle, advance wave upon wave and surmount all difficulties."

His statement was reported by Hsinhua, the Chinese Communist press agency.

In the face of the Arabs' battlefield defeat, Peking appears to be attempting to make political capital by blaming it on the Soviet Union.

Hsinhua reported that China's support for Arab nations had been hailed by the people in the United Arab Republic. According to a dispatch distributed by Hsinhua, the official Chinese news agency, an unnamed Egyptian worker said:

"Previously we pinned great hope on the Soviet Union because it declared that it could not stand by idly. Today when the U.S., Britain and Israel are colluding to fight against us, the Soviet Union did nothing to help us. I have seen through its ugly features as a sham friend of ours."

Jenmin Jih Pao said the Soviet leaders had "played the shameful role of accomplice in the big conspiracy of aggression against Arab countries by U.S. imperialism and its lackey Israel."

In the face of Israeli war threats, the paper said, Moscow tried to make the Arabs exercise restraint, "thus blunting their vigilance."

"In doing so, its aim was to bind Arab countries hand and foot and place them in a vulnerable position in event of a surprise attack by Israel," Jenmin Jih Pao declared.

Red Party Chiefs Act To Aid Arabs

MOSCOW (AP) — Leaders of seven Soviet-bloc countries met secretly in Moscow yesterday and said they are ready to help Arab nations "administer a resolute rebuff" to Israel if Israeli troops are not withdrawn behind the 1949 armistice lines.

Meanwhile, diplomatic observers said the collapse of Arab armies equipped and advised by the Soviet Union throws into question the \$4-billion Soviet military aid program. The observers thought it likely some officials who administer the program would lose their jobs.

A statement on the summit meeting charged that the Middle East trouble was caused by Israeli aggression in collusion with the United States and other nations.

"If the government of Israel does not stop the aggression and withdraw its troops behind the truce line," the statement declared, "The Socialist states which signed this statement will do everything necessary to help the peoples of Arab countries to administer a resolute rebuff to the aggressor."

The statement was signed by Communist party chiefs and government heads of Bulgaria, Czechoslovakia, East Germany, Hungary, Poland, the Soviet Union and Yugoslavia.

Record

cuts are in areas where they can be made safely.

The bill exceeds current year defense appropriations by \$65.6 million.

The committee's move to block at least temporarily Pentagon plans to realign National Guard and Reserve units is in a formal report but not in the bill itself.

Written at the suggestion of Rep. Robert L. F. Sikes, D-Fla., a Reserve major general, the language directs the Pentagon to defer the realignment until "such time as formal legislative expression can be made in the matter."

The realignment plan announced last week would eliminate 1,300 National Guard and Reserve units, including 15 half-strength divisions in the National Guard.

While the language does not have the force of law, it would express the intent of Congress and the Pentagon risks trouble on Capitol Hill if it ignores it.

Chautauqua Supervisors OK \$7,500 For PRR Help

MAYVILLE, N.Y.—The Chautauqua County Board of Supervisors at its monthly meeting yesterday appropriated \$7,500 to hire additional personnel to implement permanent personal registration (PPR) in the county. PPR has been made mandatory by the state of New York, and under the new law all voters must register this year irrespective of the system in operation in their town or city in the past.

Jamestown supervisor Bert C. Bloomquist advised the board that if 50 per cent of the voters are signed up prior to the normal registration dates in October, the county will not be required to schedule eight registration days in October. New York State legislators had passed a law mandating that eight days be set aside to implement the new program of voter registration in the state.

In other board action, the supervisors increased the hospital room coverage for all county employees to \$31 a day, authorized one additional full-time dispatcher in the highway department, approved two data processing positions in the welfare department, and increased the salary for psychiatric social workers.

A resolution prohibiting the use of county publications for political or commercial purposes was passed on a roll call vote of 23 to 9. Following the vote, Jamestown supervisor Theodore Vimmerstedt asked county attorney Seymour Rollman for a ruling on whether the list of enrolled voters published by the county board of elections could be used by the Republican and Democratic committees and candidates for political purposes. Rollman replied that the enrollment books were published for "election" purposes and not for "political" purposes.

Westfield supervisor Robert Owens, chairman of the southern laboratory committee, reported that a contract has been signed for public health tests to be conducted at Jamestown Municipal Laboratory. Owens said that the Jamestown Laboratory no longer wished to do blood alcohol determinations.

A resolution was passed by the board authorizing an agreement with the Junczek Medical Laboratory of Dunkirk to make the alcohol tests at a cost not to exceed \$15 each.

At the conclusion of the meeting, Jamestown supervisor R. Theodore Smith said he was not completely satisfied with the progress being made on a county park system.

The Jamestown Democrat urged the county park commission to accelerate their activities so that future park sites might be selected while state and federal funds for land acquisition are still available.

Prior to yesterday's meeting, groundbreaking ceremonies were held at 11 a.m. for a new five-story office building to be constructed immediately adjacent to the present courthouse building in Mayville. The new building is part of the first phase of the county building project which will be financed by a \$5 million bond issue and by appropriation of the board of supervisors. Construction of the new office building is expected to begin immediately, as is the renovation and remodeling of the courthouse building. Phase two of the county building project calls for the construction of a second office building to house the county mental health department, the welfare department, and the county health department. The Jamestown architectural firm of Naetzkier and Thorsell is currently formulating plans for the new structure.

Anglo-Spanish Air Space Talks Falter

(C) N.Y. Times News Service MADRID — Anglo-Spanish negotiations over air space restrictions around Gibraltar broke down yesterday after four days of meetings here.

Spain has refused to lift the flying ban on civilian airliners in most of the area adjacent to the colony unless Britain agreed to cease her military use of the Gibraltar airport. The British delegation announced it would place the matter before the council of the International Civil Aviation Organization in Montreal as a "formal dispute."

It said international arbitration or action by the International Court of Justice may be requested later. Last month, the I.C.A.O. refused to consider the British complaint, suggesting that direct conversations be attempted first.

Britain contends that in limiting the access to the Gibraltar airport by civilian airlines to two narrow and dangerous approach channels, Spain is violating the 1934 Chicago International Civil Aviation Convention.

Behind the specific air controversy looms, however, the larger dispute between the two countries over the future of the two-and-a-half square-mile crown colony at the juncture of the Atlantic and Mediterranean.

Staggering UAR Government

(c) N. Y. Times News Service

WASHINGTON—A struggle for the control and direction of the government of the United Arab Republic is now apparently in progress in Cairo.

The Johnson administration was saying absolutely nothing about Gamal Abdel Nasser's conditional resignation as president of the U.A.R., but diplomatic reports reaching here indicated that pro-and anti-Nasser officers were deploying what military force each faction had left in the hope of dominating the staggering government.

Nasser at first said in a radio broadcast that he was abandoning "completely and forever" all the functions of office. Then, after emotional demonstrations in his favor, Cairo radio quoted him as saying he would go before the National Assembly today to debate the question.

In his first broadcast, Nasser designated one of his four vice presidents, Zakariya Mohied-dine, to take over the presidency. Mohied-dine, is a former U.A.R. prime minister and minister of the interior who has usually been regarded as a pragmatist with pro-western sympathies.

It was assumed by knowledgeable officials and diplomats here that leaders of the Soviet Union and other Eastern European Communist nations, now meeting in Moscow, were putting strong pressure on Nasser to try to retain control of the government.

The U.A.R. owes the Soviet government between \$1 billion and \$2 billion dollars for military equipment supplied to Cairo over the last few years, most of which was destroyed by Israel's devastating air and armored attacks this week.

Nasser's decision to name Mohied-dine as president undoubtedly envenomed the struggle for succession, according to diplomats here.

Nasser's broadcast resignation, however, was apparently not entirely an act of self-censure for leading the Arab nations into their disastrous military adventure against Israel.

Reports reaching here before the broadcast told of military movements on some of the major government installations in Cairo. These were interpreted either as deployments by pro-Nasser officers to prevent a coup d'etat or military moves by anti-Nasser officers to overthrow him.

It is known that the men around Nasser were divided into a pro-Soviet faction and another faction that favored retaining a balance between Soviet and American influence, if it was not openly pro-American.

Mohied-dine, 52, who founded the modern Egyptian intelligence service, took over as prime minister of the U.A.R. in October, 1965, succeeding Aly Sabry, who was widely believed to favor a pro-Soviet policy.

This switch was interpreted at the time, not

RICHARD R. HARATINE

O'Brien Finds Lack of Unity

HARRISBURG — When Larry O'Brien slid into his green leather chair in the 67-foot-long office of the Postmaster General last Wednesday morning, he had nothing but gloom to transmit along the hot line connecting his desk with that of President Johnson.

Mr. O'Brien, the night before, had made a six-hour sortie into the political bon-docks of Pennsylvania. Tagging along in this wake was a corporal's guard of Federal patronage appointees, emigrants from this once imposing Democratic bastion.

Here to greet the Postmaster General were — by official estimate — 2,000 Democrats and Democratic supporters. This was twice as many as Govs. George Leader and Dave Lawrence used to collect in the Legion hall at Shenandoah — but only half the number of Democrats they would pack into the political rallies at Scranton and Allentown.

O'Brien, in his report to the President, had to start with the important part: With all the ardor he could command for a man who has been hypercritical of the Johnson war program, the Postmaster General had told Senator Joe Clark's fellow Pennsylvanians to give

him "all the support he deserves (in the election) next year." This strange — if not facetious — endorsement language brought wild interpretations later Tuesday night, particularly from the camp of Justice Mike Musmanno, who aspires to Sen. Clark's seat.

Meanwhile, the Postmaster General acquired assorted bits of human interest, none of which — with the exception of Mayor Joe Barr's Allegheny County stronghold — added up to a glowing report on a flourishing Democratic political organization.

What Mr. O'Brien found in the political crucible here in Harrisburg was a complete lack of enthusiasm for Mr. Johnson's causes, and a vast lack of unity within the party.

There were reports about county chairmen who were absent for reasons that ranged from "participating in an auto race" to "gone fishing."

O'Brien learned more of the gruesome detail of organizational strife and defeat in such Democratic strongholds as Scranton, Reading and Philadelphia.

He smiled patronizingly at the information that the Deputy State Democratic Chairman will spend the summer and fall months "running" for mayor of Harrisburg, a community where the customary Republican election pluralities run from 5-3 to 2-1.

Mr. O'Brien was informed that hundreds of Pennsylvania

Democrats who share in the Johnson largesse along the banks of the Potomac are delinquent in their support of the state organization.

Of the 99 Democrats in the State House of Representatives — in session here the same day — more than 20 ducked out on the dinner with O'Brien.

Meanwhile, O'Brien found the state Democratic chairman — who doubles as State Treasurer — fighting desperately in the courts to retain 75 patronage appointments that the Republican administration here wants to turn over to a computer.

Thus, to combat the thriving Pennsylvania Republican organization in the 1968 Presidential election, Mr. O'Brien may already have recommended that President Johnson create a Pennsylvania network of his own political operatives — ala Jack Kennedy in 1960.

That year there were so many Democrats around town for the big dinner that traffic on the streets of downtown Harrisburg came to a standstill. The state Democratic organization was rich, powerful and successful. Even so, the Kennedy team "bought insurance" by building around the organization.

Turbine Cars May Have To Reduce Engine Size

INDIANAPOLIS, Ind. (AP) — The U.S. Auto Club issued a "white paper" yesterday indicating turbine engines probably won't be banned from the USAC championship circuit but may be reduced in size.

Anthony (Andy) Granatelli, Studebaker STP Division president, had said any specifications changes for his Pratt & Whitney turbine would be impossible. The Granatelli car, driven by Parnelli Jones, performed spectacularly in the 500-mile Memorial Day race until a gear box bearing failed.

"We have long prided ourselves on progress, in helping to develop new ideas," USAC President Tom Blinford said in a statement, "but this progress must be made on some basis of equality."

He noted that USAC always has had limitations on power plants permitted in its various divisions, "not to deter progress, but on the contrary to encourage development."

He pointed out that speeds at

the Indianapolis Motor Speedway have increased over 30 miles an hour since a 4.2-liter limit on piston engine sizes was established in 1956. He said the same jump might have been made in one year by allowing engines of 5 or 6 liters displacement "but this would not have contributed to development."

USAC had no limit on the size of turbines until last year when it developed a formula with the aid of Paul Baynes, a turbine engineer from the Allison Division of General Motors, which makes turboprop aircraft engines. It was an attempt to limit turbines to 550 horsepower on an Air Force standard day of 59 degrees with the barometer at 29.92.

"Subsequent information," the paper said, "has revealed the engine may be closer to a 5-liter reciprocating engine" or about 19 per cent more powerful than expected.

Blinford said there was no rule of thumb for comparing cubic inch piston displacement to

specifications of a gas turbine engine and "the amount of torque developed by each engine certainly will be a determining factor in equating performance."

The turbine at the Speedway obviously had greater torque, or applied power, at lower r.p.m.'s than the piston engines.

A subcommittee of the USAC rules committee is consulting experts on the problem. The statement said it was hoped the report can be made to a June 26 meeting of the full board, rather than at the fall meeting.

Meanwhile, the STP turbine remains legal for any USAC race, if it had a driver. The prosperous Jones isn't making the circuit.

Champ Fords Predict Win Over Ferrari

LE MANS, France (AP) — The grueling Le Mans race—a 24-hour marathon—boiled down as expected yesterday to a duel between defending champion Ford and nine-time Le Mans winner Ferrari.

The Fords pulled themselves faster in the final two days of practices on the 13.461 km circuit Wednesday and Thursday, but the Ford people, though cautiously predicting a repeat of last year's victory, agreed, as one spokesman said, that the Ferraris will last.

Often it is endurance, as well as speed, which decides this race.

There will be seven 7-liter Ford prototypes among the 55 cars on the starting line today when the flag drops to begin the 35th Le Mans classic for sports cars and prototypes.

The Ferrari works, eager to avenge last year's crushing defeat at the hands of the Detroit company, has also sent seven cars, the gracefully powerful four-liter P4 prototypes.

Considered an outsider in the race is the two-car Chaparral entry, a pair of seven-liter automatic transmission racers which have blinding speed but have lacked staying power.

Phil Hill of Santa Monica, Calif., a three-time winner at Le Mans, is Chaparral's No. 1 driver.

Both Ferrari and Ford, meanwhile, were having their problems.

A P4, driven by Gunther Class of Germany was badly bent in an accident during Thursday night's trials. Ferrari mechanics were working feverishly yesterday to make the car ready for the start.

Method of Selecting Champ To Be Aired

By MICHAEL A. LUTZ LOUISVILLE, Ky. (AP) — The World Boxing Association will hold an executive committee meeting here today to discuss the heavyweight ratings and the potentially controversial subject of a method for selecting a new heavyweight champion.

WBA president Bob Evans said the group has also granted a hearing for Cassius Clay, who was stripped of his title by the WBA last month when he refused to be inducted into the armed services.

Hayden Covington, Clay's lawyer, is expected to seek Clay's reinstatement as the WBA champion.

The committee is also expected to make some statement concerning the method for picking a new champion. Under WBA

rules, a four-man elimination tournament is spelled out to name the champ, Evans said. But the committee's decision could spark a new boxing controversy since several other groups have proposed an eight-man tournament.

Evans said that although WBA rules call for the four-man tournament, some WBA members have expressed an interest in having more participants.

Evans stressed, however, that the WBA has approved no tournament yet and declined to comment on the possible outcome of the meeting. He said the type of tournament that is held "if there is to be a tournament" would have to be decided on by the whole committee.

The top ten heavyweight ratings will also be discussed. The WBA is withholding announcement of the top ten list until after today's meeting.

Presumably, the top contenders on the new WBA ratings would be named to participate in the proposed tournament.

Evans said Ernie Terrell, the WBA champion until he was defeated by Clay last February, will now be considered for reinstatement in the ratings.

Terrell was dropped from the ratings after the fight with an eye injury. Evans said Terrell had been pronounced physically fit by the New Jersey Boxing Commission and "he wants to fight again."

Bankers Vs. Beverage Here Today

Warren Beverage starts a crucial three-game series with Security-Peoples Trust today, with the Glenwood League lead hanging on the outcome.

The Beveragemen, 5-1 after whipping Ferraro Ford on Thursday night, host the Bankers for a twinbill at War Memorial Field this afternoon starting at one o'clock, then face the Erie club again tomorrow in the opener of a doubleheader at Glenwood Park.

Koehler Beer will be the local opponent in the second game tomorrow.

Security-Peoples was the victim of a 2-8 rout in the loop opener for Warren Beverage, but have bounced back to take their last three contests, including a last inning, 5-4 victory over Ferraro earlier this week.

The Bankers are one game behind Beverage in the standings and could move into first by sweeping the series.

Rich Malick is slated to start the opener for Beverage today, with WAHS ace Roy Swanson on the mound for the second game. Tomorrow, Dick Schmidt and Scott Melville will hurl for the locals.

Jim Ryun Runs At New Height

ALAMOSA, Colo. (AP) — Jim Ryun, record-breaking mile star from the University of Kansas, has been working out most of this week in the 7,540-foot altitude of Alamosa.

He arrived quietly last Sunday and has been living and running at Adams State College. Alamosa has about the same altitude as Mexico City where the Olympic Games will be held in 1968.

Other track athletes working out here included Conrad Nightengale of Kansas State, Chris McCubbins of Oklahoma State and Tom Heinonen of Minnesota.

They all have taken part in studies of the effect of high altitudes on athletes and others who are high oxygen consumers. The study has been conducted by Jack Daniels, a scientific researcher.

Ryun told Adams State officials and newspapermen he was grateful for the lack of publicity over his training here. "It feels great to be able to work and to train without being hounded for interviews and autographs," he said.

He left with McCubbins and Nightengale Thursday night for Albuquerque, N.M., and the U.S. Track and Field Federation Championships.

Adams State officials and city leaders have been campaigning for months to have Alamosa designated as a training site for U.S. Olympic athletes.

Aaron, who described his second round as a pretty lucky one, had trouble with two trees on his second nine but sank a 15-foot birdie putt on the final hole to the Goalby, who even then was being interviewed by newsmen as the apparent tournament leader.

The late Jim Beichner, a member of the junior class, received a posthumous award yesterday as Warren Area High School's Athlete of the Year for 1966-67 and his football number and jersey will be retired in tribute to his athletic ability.

Other awards made during a special assembly at WAHS included the naming of Dan O'Neil as the year's outstanding football player, with similar honors going to Dave Cobb for cross country and Matt Voigt for golf.

Beichner, whose recent drowning cast a pall over Senior Week activities at the high school, starred in football and track for the Dragons and was also a member of the varsity basketball team.

He won a letter as a starting offensive end on the grid squad and set school, Section II and District X records in the triple jump during the track and field season just completed.

His number 89 will be retired for all time, the white jersey will be presented to his parents and the blue jersey will repose in the WAHS trophy case along with the Athlete of the Year trophy. In the future, the award will be given annually in his name. The Varsity Club, composed of Dragon lettermen in all sports, is currently conducting a fund drive for a new trophy in his honor.

The individual awards made yesterday completed individual honors for the school year. Earlier this week, Scott Hunter had been named the most outstanding Dragon basketball player, Bill Shaffer received the award for track and the baseball honor went to Roy Swanson. All are graduating seniors. The recipients of yesterday's awards are all juniors.

O'Neil was a tailback and defensive halfback and safetyman on the 1966 edition of Dragon football. He was the team's high scorer and was named to the All-Section II first team and was a third team All-State selection on the Associated Press' poll.

Cobb, an outstanding distance runner, led Warren Area High School's harriers to the 1966 PIAA State Championship, the first time a Dragon team has won a State title since 1942.

Voigt has been a mainstay on the Blue and White's golf team for two years. In the spring of '66, he helped the Dragon linksters to the conference championship and just missed competing in the PIAA matches at Penn State earlier this spring by losing a sudden-death playoff for a berth.

In addition to recognition to students for scholastic and extra-curricular achievements during the school year, Dragon lettermen were also honored at yesterday's assembly, the last of the school year.

Strawder, Ex-Piston, Inks Pittsburgh Pact

PITTSBURGH (AP) — The Pittsburgh club of the new American Basketball Association raided the National Basketball Association yesterday and signed Joe Strawder, 6-10 center of the Detroit Pistons.

Gabe Rubin, president of the Pittsburgh club, said Strawder, a former All-American at Bradley University, signed a one-year contract for the ABA's initial 1967-68 season. Terms of the contract were not disclosed.

Strawder, 26, is the first NBA player signed by Pittsburgh. A defensive specialist, he averaged 13 rebounds a game as the starting center last season for the Pistons. Offensively he averaged 10 points a game.

Athlete Killed

In Cycle Mishap

FRANKLIN, Pa. (AP) — A moonlight motorcycle ride ended in death yesterday for two Venango County teen-agers, one a recent high school honors graduate and the other a well-known athlete.

John Charles Jones, 17, of Polk was visiting a friend when the friend's sweetheart, pretty Nancy Johnson, 17, of Franklin suggested they go for a ride on Jones' motorcycle.

They were riding on Route 8 toward Franklin when a car operated by David Martz, 25, of Reno rammed their bike from the rear.

The impact jammed the bike and two victims beneath the car. They were dragged 500 feet, and pronounced dead at the scene by coroner Maurice Dinberg. Both suffered multiple fractures and internal injuries, he said.

Miss Johnson and Jones were students at Franklin High School. Nancy graduated fifth in her class and was enrolled at Grove City College. Jones, a standout athlete in all sports was a junior.

The Pistons last year, had called Strawder "one of the best pivots in the NBA. I rate him right along with the Wilt Chamberlain, Nate Thurmonds and Bill Russell."

A two-year veteran of the NBA, Strawder collected 520 points and 79 rebounds in his rookie season with Detroit.

Minnesota Fires Mele, Ermer Named Successor

By LEW FERGUSON
AP Sports Writer
ST. PAUL—MINNEAPOLIS (AP)—Minnesota Twins President Calvin Griffith fired Sam Mele as his club's manager late yesterday and a short time later named Cal Ermer as the successor.

Ermer, 42, takes over the Twins after 2½ seasons as manager of the Twins' Triple-A farm team at Denver in the Pacific Coast League.

In naming Ermer, Griffith bypassed peppery Twins' coach Billy Martin, regarded by many as Mele's eventual successor since he was hired as a coach before the 1965 season.

Eleven members of the Twins squad have played under Ermer, including sluggers Harmon Killebrew and Bob Allison, who played in 1957 at Chattanooga, where Ermer was managing.

The others are Cesar Tovar, Jim Merritt, Jim Ollom, Dick Reese, Sandy Valdespino, Frank Quilici, Jim Roland, Ron

Clark and Ted Uhlaender, all of whom played under Ermer in the last two years at Denver.

Ermer first was hired by the Griffith organization 20 years ago when he managed at Charlotte, N.C.

Griffith said he brought up Ermer from the minor leagues because "I know he's a leader."

The Twins' president said Ermer was given a contract for the balance of this baseball season.

Ermer called his elevation on the majors a great challenge, adding: "I hope I can take advantage of it and win."

Griffith said he "just felt a change would be in the best interest of the ball club."

"Sam did a good job for us," Griffith added. "Mele in the past has done a terrific job for us. But I thought there had been an accumulation of certain things. I thought there were things that should have been done that weren't done."

Phil Regan: Culture Now a Clay Pigeon

ST. LOUIS (AP) — The Vulture has become a clay pigeon, and that as well as anything typifies the problems the Los Angeles Dodgers are having this year.

The Vulture, a name picked up by relief pitcher Phil Regan last year, had his latest troubles Thursday night when he lost his third game of the two-month-old season.

The loss, a 5-4 decision to the Atlanta Braves, dropped the Dodgers deeper into eighth place, 12 games from the top of the National League and only 2½ games from the bottom.

That's a far cry from the past two seasons when the Dodgers won the pennant.

But the Dodger personnel also is a far cry from what it was during those two years.

Sandy Koufax is gone, Maury Wills is gone and Lou Johnson hasn't recovered from a broken ankle.

And then there's Regan, who became the Vulture after picking up a number of victories for pitching only an inning or two late in the game.

The 30-year-old right-hander won 14 games in all last year while dropping only one and didn't lose a game from May 14, 1966, to May 15, 1967. Now he's lost three straight.

"I'm glad it's over," Regan said after having his winning streak broken. But he can't be very glad now.

Take, for example, his latest defeat. He replaced starter Don Drysdale in the seventh inning Thursday night with the Dodgers leading 4-2, none out and Braves at second and third. Denis Menke immediately rapped a two-run, game-tying single.

The game remained that way until the ninth when Regan gave up a game-winning single to Felipe Alou.

Last year the Dodgers probably would have come back and won the game for another Regan victory. But time had run out on them Thursday.

It also apparently has run out for them this season.

Ken Harrelson Sold Back to Kansas City

WASHINGTON (AP) — The Washington Senators announced yesterday first baseman Ken Harrelson has been sold to the Kansas City Athletics in a straight cash deal.

No price was announced by the club.

The Senators, playing in Boston Friday night, also announced that relief pitcher Casey Cox has been recalled from Hawaii and will join the club during their series with the Red Sox, most likely today.

Harrelson, who came to the Senators on waivers last June 23 from Kansas City, earlier this week said he wanted to be traded to another club because rookie Mike Epstein, obtained in a trade from Baltimore, had taken over the first base duties.

Along with Harrelson and Epstein, the Senators also had Dick Nen at first.

Harrelson asked Manager Gil Hodges last week to make a trade for him, shortly after the Senators acquired Epstein and pitcher Frank Bertina for pitcher Pete Richter.

"It looks as if I've lost my job," Harrelson, a five-year veteran, told The Associated Press Wednesday. "It looks like he'll (Epstein) be the guy

Major League Roundup

Sam Mele was fired as manager of the Minnesota Twins and replaced by Cal Ermer before last night's game against Baltimore. His dismissal didn't help the Twins, however. The Orioles won easily 11-2.

Frank Robinson's four RBI on a double and three-run homer helped Baltimore spoil the managerial debut of Ermer. The 42-year-old Ermer was called up from his post as manager of Denver in the Pacific Coast League.

The New York Yankees beat the Chicago White Sox 2-1 on Horace Clarke's single in the 10th inning that scored Steve Whitaker from second with the winning run. The triumph gave the Yankees a .500 percentage for the first time since May 13.

In other American League game, Carl Yastrzemski and Joe Foy hit two homers each to pace Boston over Washington 8-7 and Kansas City scored a double shutout over Cleveland 2-0 and 6-0 in their twin-night bill.

National League leading Cincinnati exploded for six runs in the seventh inning on homers by Pete Rose, Deron Johnson and Don Pavletich to beat Houston 10-7.

St. Louis edged Los Angeles 3-2, Atlanta beat San Francisco 5-3, Pittsburgh routed Philadelphia 16-1 and the Chicago Cubs defeated the New York Mets 6-5 in other NL games.

Chuck Dobson and Jim Hunter applied the whitewash brush for Kansas City over Cleveland. Jim Gosger's two-run homer won the opener, and a three-run homer by Dave Duncan in his first major league at bat helped win the second game.

HOT STOVE LEAGUE

Sheffield WNB Wins

Warren National Bank of Sheffield won its third game of the year in four starts last night with an 8-4 win over Bliss Highway in a County Cadet League game played at Clarendon. Tom Fitzgerald won his third game of the year. All of his wins have come in relief. Mike Madigan was tagged with the loss. The only extra base hits were collected by the Bankers. Both his were doubles by Terry Schrader and Harry Hilyer.

Zuendel Tosses Win

Don Zuendel pitched Morley and Sandberg of Youngsville to a 9-4 win over the Brokenstraw Fish and Game Club in a County Cadet League game played at Youngsville High School. The winners were paced by home runs by Bob Thompson and Bart Hill. John Blum had a double and a triple and John Van Guilder cracked a double for the Morley-Sandberg team which now has a 2-1 record. Dave Williams, the losing pitcher, had the only extra base hit for the losers, a triple.

Wins in Relief, Again

Steve Faulkner pitched three and a third innings of no-hit relief ball to lead Pittsburgh Des Moines to a 13-10 win over Warren Car in a Borough Cadet League game played at West side Field. The winners trailed 10-0 after two innings. A home run by Mark Krumm sparked the comeback rally. Dennis Nosel and Bill Tucker each had three hits for the winners while Krumm and John Bonavita had a pair of safeties for PDM. Faulkner fanned seven in his stint. The winners now have a 3-3 mark. Pete Salerno was the losing pitcher for Warren Car. They failed to get an extra base hit.

Scores Lopsided Win

Pittsfield Construction scored a lopsided win in the County Cadet league by tripping Tidouette 21-2 in a game played on the losers diamond. Denny Howe was the winning pitcher. He received a lot of support from his mates. Hitting homers for the winners were Tom Horner and Randy Yucha. Archie Hollabaugh had a triple and Yucha, Horner and Blair Keeler all rapped two-base hits for Pittsfield. Shields was charged with the loss for Tidouette. They failed to get anything more than a single.

Weldon Wins First

Weldon and Sons of Pittsfield

Coast Clashes

ANAHEIM (AP) — George Brunet pitched a three-hitter last night breaking his nine-game losing streak as the California Angels defeated Detroit 4-0.

U.C.T. Evens Record

The United Commercial Travelers evened their record at 1-1 last night with a 12-5 win over Jamesway in a Borough Intermediate League game played in North Warren. With relief help from John Cruickshank, Tom Mineo was the winning pitcher. Jim Monaghan led the winners with a home run. Mineo had a double for U.C.T. Getting doubles for the losers were Steve Wiedmaier and Matt Stretch. Frank Johnson was tagged with the loss for Jamesway.

Dorcon Loses Second

Times Square Service registered a 12-5 win over Dorcon in a Borough Cadet League game played at Beaty Field last night. The loss was the second in the week for Dorcon who had previously won three straight. Corky Reynolds was the winning pitcher. Mike Menard cracked a home run and went three-for-four at the plate. Mike Gray lashed a triple and went two-for-three for Times Square. The losing pitcher was Fred Nuhfer. He had a three-hit night for Dorcon. Bill Rowan smacked a round tripper in the defeat.

Swanson Drafted By Baltimore, Brechtel Picked

Roy Swanson, ace right hander on the Warren Area High School baseball team, was drafted by the world champion Baltimore Orioles in the semi-annual baseball draft.

Swanson has been the top hurler on the staff for three years.

During the past summers he has played American Legion ball in Corry and has hurried some for Warren Beverage.

This year he has a 1-0 record with the Beveragemen. Swanson is slated to pitch one of the games tomorrow.

His High School coach, Bob Kucher, was informed that George Staler, the Oriole scout, will be in town soon to try to lure Swanson to sign a pro contract.

Another area diamond operator, Wayne Brechtel of Johnsonburg, has been drafted by the Houston Astros.

Brechtel, an all-round athlete in High School, won his baseball glory as a member of the Johnsonburg American Legion team. He is a 6-5, 218-lb. hurler and is only 18 years old.

Experts Address Welfare Council

Three specialists in their field presented reports last month to members of the Health and Welfare Council of Warren County.

James W. Krider Jr., director of Family Service and Children's Aid, spoke of the many

services available through that agency.

Dr. Roger Mesmer of Warren State Hospital outlined the need for a social facility for older people of the community. He said senior citizens need a place to meet where they can participate in various forms of recreation and to have the opportunity to serve other people. Dr. Mesmer stated this would give them a role in society and restore social contacts lost by retirement, growing up of children and death of friends. A means of transportation would be necessary to make such a facility successful, the doctor advised.

After discussing the problem and ways and means of making a building available, council passed a motion appointing a committee to study the matter and bring a specific proposal.

Richard Brown of the Economic Opportunity Council said his office had been given opportunity to make application for Project FIND—a survey to determine what senior citizens need and which federal funds are available.

The survey would be made by senior citizens and one goal is to create employment for the elderly. In order to make application for project FIND, it must have community sanction and Brown asked for approval of the group. Council approved the measure and the application was made June 5 and if approved will begin June 15.

The fluoridation question was discussed briefly with William F. Karns, chairman, noting that in a recent poll taken of a number of agencies, health and medical services favored fluoridation.

Employee Is Charged In Thefts

An employee of Superior Re-capping Co. at Pennsylvania ave. W. has been arrested by borough police Sgt. Donald E. Fitch and charged with the larceny of a large number of tires valued at thousands of dollars.

Roland C. Heeter Jr., 26, of 29 Brown ave., Clarendon, was picked up on a felony warrant charging him with larceny by an employee, a crime punishable upon conviction of a maximum fine of \$2,000 or five years imprisonment.

The theft of the tires was reported June 2 and Heeter arrested Thursday morning. He was released on property bail following preliminary arraignment before Police Justice Martha G. Lawson.

According to police, the investigation revealed that some tires may have been purchased or received by some unsuspecting individuals. Under the penal code, receiving stolen goods is also a felony and upon conviction could mean a maximum \$1,000 fine, five years in jail or both. Police are continuing their probe into this aspect of the case and other arrests are expected to follow.

WARREN HIGH GRADUATION SCENE

Filled to capacity, this was the scene at the Warren Area High School commencement exercises held Thursday at 8 p.m. in the gymnasium. Presentation of diplomas was made by W. Scott Calderwood and Myron E. Jewell, members of the Warren Dis-

trict Board of Education, other awards were presented by Joseph V. Passaro, principal of Warren High. This year's graduating class totaled 412 graduates. (Photo by Mahan)

Breakfast Briefs

Girl Returns Home

Titusville police said Thursday night that Linda Armstrong, 15, who had been missing since Monday afternoon, returned home about 9:15 p.m. Thursday. Police had been searching for the girl after she was reported missing by her parents Mr. and Mrs. Donald Armstrong. No further details were available regarding the incident.

Lecture Date Changed

Dr. J. T. Valone's lecture scheduled for 7 p.m. Tuesday in the conference room at Warren General Hospital has been changed to Wednesday at the same hour. This is one of a series of approximately 10 lectures for nurses and interested personnel in connection with a new special unit.

State Point System

The Pennsylvania point system covers all adult operators from the age of 18 and up. For those operators between the ages of 16 and 18, the state Bureau of Traffic safety handles them with special attention. This means that many times they receive suspensions until reaching the age of 18.

CHANCES GENERALLY GOOD

Summer Employment Picture Mixed in Warren County

Graduating high school seniors and college students returning home will find the unemployment picture mixed, at best. Chances for obtaining jobs here are still good, but those seeking permanent positions will have a better opportunity.

The local office of the state employment service said yesterday that the area's tight labor market still provides a good opportunity for graduating high school seniors. There are not as many opportunities for summer employment, as last year, the office said, but high school graduates still have a good chance.

Andrew Donick, local manager of the Bureau of Employment Security, said, however, that the outlook for girls seeking summer employment is not as good as it was last year. The supply of women workers has increased through layoffs in area factory work because of the national slump in manufacturing. About 4,500 workers have been laid off throughout the state.

New Process Co. Warren's mail-order firm, yesterday said that 37 persons mostly girls, have been hired for summer

help. In addition, according to Mrs. Julia Decker, personnel manager 67 area high school graduates have been hired on a permanent basis and will join the firm over the next six weeks.

The county's five high schools graduated 686 seniors. In addition, there are an estimated 1,000 teenagers who are seeking summer work of some kind. Last year, the employment office placed 80 high school graduates and college students seeking summer employment. The number of those employed through businesses and area firms is unknown.

Warren County School District will have 33 teachers aides this summer for its Head Start

and Title I reading program, according to Dr. Blair Logan of the district's administrative staff. In addition, a few more will be hired through the recreation program.

Allegheny National Forest will have 172 seasonal employees, this summer, according to Lee Kelley. Forty of them are college students. Some college students from the area may be working in other national forests this summer, Kelley said, because the U.S. Forest Service has a commitment to colleges and universities throughout the nation for professional foresters and engineers in training.

ERIE MAN PAROLED

Six Are Sentenced In Common Court

Six men appeared for sentencing before Judge Alexander C. Flick Jr. yesterday morning. Two defendants charged with burglary and larceny, who Thursday changed their not guilty pleas to guilty, were first in line.

Kenneth G. Gorzynski, of Erie, married and the father of two children, was sentenced to six months in jail to be paroled on recommendation of L. E. Linder, chief probation officer. His young wife told the court that "on the whole, he's good."

Jesse R. Hoover, of 103 Cone-wango ave., with whom Gorzynski was involved in the April 20 break-in of Lewis Market, was sentenced to six months in Allegheny Workhouse. Judge Flick reminded Hoover that his history was somewhat different. Hoover, at the time of the break-in was on parole from Camp Hill. He is recommended to that institution as a parole violator, the Warren jurist will suspend the sentence imposed yesterday.

Officer Robert R. Kates, one of the investigating officers, told the court that he and officer Richard McWilliams, were advised the light over a safe at the local market, usually left on at night, was off. The two patrolmen went to the scene and converged on the store building. While at the rear of the market, police saw a door open and then slam shut. Entering the premises, police started a search and located Hoover hiding under a sink in a bathroom.

There was a struggle, Kates testified, and Hoover subdued and handcuffed. Gorzynski was found hiding beneath a meat counter. Police said both men were wearing gloves at the time and a screwdriver was in their possession.

District Attorney Samuel F. Bonavita complimented Chief Michael Egan, Kates and McWilliams for the excellent police work on apprehending Hoover and Gorzynski in the course of the burglary, adding that the assistance of citizens also helped the case. Bonavita also said that the aid of citizens means better protection for them and helpful to police in their investigation. The excellent job done by Sgt. Roger Thelin in apprehending a third man sentenced yesterday.

Thelin testified that at 12:25 a.m., April 23, a car driven by Lobbell, traveling south on Route 62, failed to negotiate a curve and struck a guard rail in front of the Paul Broderick residence at Market st. and Seventh ave., continued on and took out a stair railing and damaged the yard at the R. Z. Morrison home at 803 Market st.

Lobbell failed to stop at the scene. Thelin, with parts of the accident car in his possession, finally located the vehicle in the Don Hoffman garage at Weldbank. Upon questioning Lobbell admitted being the driver and told Thelin he left because he was driving during suspension. He lost his license in February this year for seven months on a speeding charge.

Others sentenced were Warren E. Fehlman, 220 Pollett Run rd., driving under the influence (his third offense), \$120 fine, costs and 30 days in jail; Stephen T. O'Rourke, 127 Moffat st., Kane, driving without a Pennsylvania operator's license, a second offense, \$100 fine, costs, one day in jail.

Frank Szarowicz, 1301 Pennsylvania Ave., charged with corrupting the morals of a juvenile after participating in the break-in of a candy machine at a local laundromat, on April 3, had imposition of sentence suspended and placed on six month's probation.

Those who patronize the Blue Manor will immediately recognize Mrs. Mary Whats-her-name, the waitress whose photo appeared yesterday in the Times-Mirror and Observer with the wrong name under it.

She's Mrs. Mary Benson, who will complete 25 years of service at the Blue Manor on July 1. What could be more fitting than to take this opportunity afforded by this occasion to discuss the problem at hand: how does one make such an error?

SORE SPOT

High heels, the girls say, are murder if you have to spend any amount of time on your feet, and Mollieann Stites can attest to that. She was one of 412 graduating seniors at Warren High on Thursday and the long stand in line while awaiting her diploma took its toll. "It sure feels good to take your shoes off," she said, taking her shoes off. Ross Bryan III holds one of the discarded shoes. (Photo by Mahan)

Boaters Seeking Kinzua Expressway

Boating enthusiasts, a rapidly mounting number in the area, are seeking an "expressway channel" through the Kinzua arm of Allegheny Reservoir to open boating areas of the main lake, it was reported in Kane.

A spokesman for the boaters said it is hoped to get a channel for speedboats through the eight miles of the Kinzua arm to permit us to dock and launch in the Red Bridge area and to reach the main lake body without the eight mph restriction. It was pointed out that it takes more than an hour at the present

restriction in the "fishing arm" of the lake to reach the Casey Bridge area at eight mph. The spokesman said a speedboat moving at a normal speed well above the eight mph is not ploughing and will cause much less difficulty for fishing boats.

Boaters expressed hope an early agreement can be reached for benefit of this southern reservoir area and are proceeding through membership in a Warren club.

Ann Landers

Answers Your Problems

DEAR ANN LANDERS: Please print this letter. It could save a child's life.

I am the mother of two precious little girls. My four-year-old son is gone forever because of my carelessness.

Our car is equipped with seat belts, but because my children didn't like to be strapped in, and I was too lazy to insist, I let them stand up in the rear of the car.

Four months ago I was driving the girls to school and on the way home I had to jam on the brakes to avoid hitting a dog. My little boy, who was standing up in the rear of the car, went through the windshield and was killed instantly.

Every day I see women driving with small children standing up in cars. I have to fight the impulse to stop and tell them what happened to me. You can get the word to these motorists better than anyone. Will you please do it, Ann? — DETROIT MOTHER

DEAR MOTHER: Here is your letter, and I can add nothing except my fervent hope that mothers everywhere will learn something from your tragic experience.

++ +

DEAR ANN LANDERS: I had to laugh at the letter from the woman who complained because her husband refused to get up and give the baby his 4:00 AM bottle.

I am a service wife who wishes her husband was home right now so I could let him sleep the whole night through. The idea of getting a man up to feed a child is ridiculous. Most of us service wives are lucky if our husbands are around when our babies are born.

It makes me mad when civilian wives tell us how fortunate we are to have free medical care and a few cents off on a can of coffee at the commissary. They forget we must be father and mother to our children for as long as eight months at a stretch. I wonder how these civilian wives would do with a socket wrench. I wonder, too, if they could fix the family car, and take kids to the hospital alone, and pack up and move every few years.

I am not complaining. Being a service wife is a great life. I chose it and I'm not sorry, but I get annoyed when women who have it REALLY good complain about meaningless trifles. Tell 'em off, Annie. — VIRGINIA

DEAR VA: You told 'em off well enough for both of us. You can be sure your letter is going to be pointed out to thousands of wives — by their husbands, of course.

Hints From Heloise

Plastic Bag Use

DEAR HELOISE:

The little plastic containers we buy our tomatoes in make an ideal holder for spools of thread. One container will hold many spools of average size — also the large size.

The thread can be pulled through the little openings along the sides without removing the spools. If the container is solid plastic, just punch holes in the side of it with an ice pick.

Since the container is transparent, you can see to select the exact color you need. And it is handy to carry wherever you wish to sew.

Also saves cluttering up your sewing box as the plastic container can be lifted out.

Iva Mitchell

And Iva, they are a whine dilly in that sewing machine drawer. No neat!

Thanks, pal.

Heloise

DEAR HELOISE:

For those who send money to school with a small child, tape the coin to the inside of the lid of his lunch pail.

The money is never lost this way.

Florence Dugg

DEAR HELOISE:

Save the cardboard and plastic covering from laundered shirts and use them to store slips, bras, scarfs, gloves, etc.

Dresser drawers are always in order just like downtown!

H Andrews

DEAR HELOISE:

Try this suggestion when wrapping gifts for the aged or those who are ill.

Take a little extra time and cover the box and lid separately with adhesive-backed paper or tape on some pretty, but heavy paper.

Keep the lid decoration simple and preferably flat. Then the lid may be lifted off with little effort and the gift may be kept in an attractive box until ready for use.

Mary Parsell

Also, the person who received the gift can use the box to give a gift without the effort of rewrapping it.

Heloise

DEAR HELOISE:

The dishes have to be

washed even when you have a brand new manicure. Save yourself chipped nails by holding your soap-filled pads with a spring clothespin. . . all one has to do is put a piece of it in the clothespin. Sure saves my nails and polish.

Mrs. L. Antrom

Dear Heloise:

If you don't care to dry large plastic bags with a towel after washing them just hang them on the line, pinning along one side only to allow the air to enter.

M Starr

DEAR HELOISE:

I use two dishcloths at all times instead of one.

The soapy one is used for washing dishes, pots, pans, etc.

The other dishcloth is dampened with plain water and I use it to wipe up spills, clean off the table, etc. Maybe this idea will help others.

Mrs. C. C. Lively

DEAR HELOISE:

When the leaves of my house plants get dirty, instead of wiping them off (which is a tiresome job) I put them in the yard and turn the sprinkler on 'em.

They are cleaned quickly and look very fresh. Also they get a little needed sunshine.

Your Horoscope

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars, FOR SATURDAY, JUNE 10, 1967

ARIES (March 21 to April 20) — Avoid ill will; do not permit it or any other undesirable mood to disrupt your usually enthusiastic vigor for life and your calling. Be logical, cheerful.

TAURUS (April 21 to May 21) — Some plans won't materialize, others will be changed. Face things in your best manner and intelligently approach both problems and pleasures, forestalling disappointments.

GEMINI (May 22 to June 21) — A day for lofty thinking, looking up and forward. This is no time for regrets or wishing things might have been otherwise. Be a DO-ER; go after things you want.

CANCER (June 22 to July 23) — Some responsibilities increasing, but so are your talents, experience, and outside help. Use all honorable means to put and keep things in order.

LEO (July 24 to August 23) — A period for some retrenching to regather forces AND better knowledge. An interchange of ideas could brighten, stimulate your day. A bargain or two in the offing.

VIRGO (August 24 to September 23) — Whether the unexpected arises, or the going is "as usual", if well planned, you can contribute considerably to maintaining order and congeniality. Shun rumors.

LIBRA (September 24 to October 23) — If you make a plan and launch it, follow through with assurance that your diligence and capability can match it. Forward!

SCORPIO (October 24 to November 22) — Capricious grows with the growing person. Day offers new opportunities to increase prestige and friendships. Clout wisely, and not hurriedly.

SAGITTARIUS (November 23 to December 21) — Strenuous work now. Confer with knowledgeable heads. Do not wait until you hit a snag. Use care in estimating values.

CAPRICORN (December 22 to January 20) — Satisfactorily auspicious. Step forth, assert yourself with confidence, bargain astutely, tackle what you know to be within your sphere of knowledge. Space tasks practically.

AQUARIUS (January 21 to February 19) — Do those things which belong to this day. Otherwise, you will be crowded next week. Some of your cherished goals are nearing attainment.

PISCES (February 20 to March 20) — Heed danger signals as well as attractions. Not many, but one or two could prove troublesome if you are not alert. Calm emotions, hypersensitivity.

YOU BORN TODAY: Among the many assets of the Gemini are glowing vitality, love of life and understanding of its hidden treasures; personableness, versatility and adaptability. Your minus side: Impulsiveness, a tendency to act on superficial knowledge, overactivity. Develop your originality and leaning for more learning; stay with a task or study till you get ALL of it. Do not settle for the mediocre when the extraordinary is within your grasp. Avoid bizarre and unorthodox methods, except where the latter will work the outmoded. Your imagination is a wonder-working Birthdate of: Judy Garland, singer, actress.

How to Keep Well

By Dr. T. R. Van Dellen

(c) 1967 By The Chicago Tribune

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

BLEEDERS
Some hemophiliacs are fatalists; they are convinced that at any moment serious hemorrhage will begin. As a result many neglect their health and refuse to take proper care of themselves. This is a foolish attitude because advances in diagnosis and treatment give them many reasons to be optimistic.

Hemophilia is an inherited disease characterized by defective coagulation of the blood resulting in excessive hemorrhage after injury. If a hemophiliac marries a normal woman, his sons will be normal but his daughters will be carriers. Although they inherit the defect, they will not be bleeders. However, the trait will be transmitted to half their sons and daughters; these sons become bleeders and the daughters are carriers. There are some exceptions in that a person without this family history may also develop the disease.

A dozen or more separate constituents are required in the clotting of blood. The hereditary (classical) hemophiliac lacks a protein called antihemophilic globulin (AHG) or factor VIII. The next most common type lacks factor IX (PTC) and the third type is deficient in factor XI (PTA). Normal levels of AHG vary from 50 to 110 per cent; in hemophilia it varies from 1 to 30 per cent. A level of 1 per cent is severe whereas 30 is a mild form of the disease.

First, the defect in coagulation and the specific type of hemophilia is determined. Clotting returns to normal when the deficiency is corrected via fresh blood, frozen plasma or stored refrigerated plasma. In the past this was expensive because the amount of AHG needed to offset a mild bleeding incident cost \$172 and up to \$7,000 in bleeding during major surgery.

A few years ago Dr. Judith G. Poole found a simple and inexpensive way to extract large amounts of AHG from blood. This technique can be done in an hour and assures the hemophiliac of an ample supply when needed.

Dr. Van Dellen will answer questions on medical problems stamped, self-addressed envelope accompanies request.

BURGER'S DISEASE
N. M. S. writes: Someone told me that Burger's disease causes spasms of muscles and veins. Do you know how or when it starts, and there is no cure. Is this information accurate?

REPLY
In general, yes, but for more information on the disorder send a self-addressed envelope for our leaflet on Burger's.

HOUSEWORK ARTHRITIS
Mrs. B. writes: More women than men seem to have arthritis of the hands. Could this be due to housework?

REPLY
No, because arthritis of the fingers occurs also in men as well as in women who have never washed dishes or scrubbed the floor. This form of arthritis tends to be hereditary.

The mushroom is synonymous with good cuisine in Paris. Hundreds of miles of mushroom beds thrive in caves, tunnels and sheds in the suburbs, the National Geographic says. The average Frenchman consumes about two pounds of mushrooms a year.

TE LA DI O

by Lenore McIntyre-TV Editor

WEEK'S PREVIEW

Two repeated specials, three new ones, and a summer replacement program will lend some variation to the coming week's schedule. The two reruns are both ABC shows, "The Legend of Mark Twain" on Sunday afternoon and "Anatomy of Pop: The Music Explosion" on Thursday night.

The new specials include NBC's "After Civil Rights: Black Power" early Sunday evening, the CBS animated cartoon "You're In Love, Charlie Brown," Monday evening, and NBC's "National College Queen Pageant" Friday night.

The new summer entry is the Steve Allen Comedy Hour on Wednesday nights, replacing the CBS Danny Kaye show. Sportswise, there's the Buick Open on Saturday and Sunday afternoons, via NBC; baseball games on Saturday afternoon and Thursday and Friday nights; soccer, lacrosse, bowling, racing, etc.

MISS PENNSYLVANIA

Many Warren county TV sets will be tuned into WICU-TV, Ch. 12, or WFBG-TV, Ch. 10, next Saturday night at 9 o'clock when the state finals to select Miss Pennsylvania of 1967 will be held at Hershey, Pa.

The reason for the local interest will be our own entry, Miss Warren County, who is Suzette Johnson, an Edinboro Warren Campus student. Theme of the state beauty contest is "This Dream," with seventeen contestants, all winners of local beauty and talent contests throughout Pennsylvania.

The lucky girl who wins the title of Miss Pennsylvania receives a \$1,000 cash scholarship plus many other prizes donated by Pennsylvania firms. Other scholarships are given to the four runners-up and Miss Congeniality.

The most coveted prize for Miss Pennsylvania is the opportunity to compete in the "Miss America" contest where a \$10,000 scholarship awaits the winner and about \$75,000 from a year of personal appearances, plus other prizes. Five girls who became Miss Pennsylvania also have won the "Miss America" title since 1921, a top record tied with California.

Good luck to Miss Warren County and don't forget to tune in.

PEOPLE & PROGRAMS

SPORTSMAN'S HOLIDAY offers a special outdoors documentary Sunday, June 25, at 5:30-6 p. m. on NBC-TV which captures on film many of the more splendid and still primitive forest areas of the U. S. and the exciting wildlife inhabiting these regions.

SWINGING SOUNDS OF EXPO 67 is a spectacular musical television visit to the world exposition in Montreal, Canada, to be televised on WFBG-TV, Ch. 10 on Tuesday evening, June 27. A host of well-known musical stars will be featured. BILL TRAVERS and his wife, Virginia McKenna, will co-star in Hallmark Hall of Fame's next-season production of "The

Admirable Crichton." It is a story of a family of English aristocrats who are marooned on an island with their servants for two years and relates what happens to their personalities during this period.

KRAFT MUSIC HALL, a weekly series of hour-long music specials, starts on NBC-TV Wednesday, Sept. 13, 9-10 p. m. The first two shows, respectively, will have Herb Alpert and the Tijuana Brass and Rock Hudson as headliners.

HENRY FONDA will be narrator for "America and Americans," an NBC special scheduled for Dec. 3. The program is based on the recent John Steinbeck book and follows the theme of the book, the paradoxes of America and Americans.

OUR PLACE, a variety hour featuring the Doodletown Pipers, Burns & Schreiber, and the dog puppet "Rowlf," debuts Sunday, July 2, 9-10 p. m., as a summer replacement for CBS-TV's "Smothers Brothers Comedy Hour."

CONTINENTAL FOOTBALL LEAGUE will be looking for a new network home now that the United Network has folded. The CFL had a three-year deal with United set for kickoff on Sept. 9.

CARLTON FREDERICKS PROGRAM may be seen on WBEN-TV, Ch. 4, sometime in the future. The Buffalo station is reported as having bought the daily half-hour series which spotlights the well-known nutritionist in discussions with health authorities and people in the news.

OUR FUNNY FOR TODAY

Maybe we have a perverse sense of humor but we howled when we read about a new weekly 15-minute radio program designed for funeral directors. The series is titled "A Lamplighter's Serenade," and features readings and music in "a light vein."

IF MRS. CHARLES A. BLACK of Atherton, Calif., (she's the former famous little girl movie star, Shirley Temple) goes through with her plan for the U.S. House of Representatives as a Republican, who can the Democrats put up in opposition?—Jackie Coogan?

If Shirley makes it to the Capitol, Ruthie the Smoothie wonders if they'll change the name of the Congressional Record to "Shirley Temple's Storybook."

An even better name might be "Little Miss Marker Goes to Washington."

Octopus has come into popular demand among natives of Breslau, Poland who have tasted it for the first time, according to a dispatch from Warsaw. And why not?—eight drumsticks are better than two, any time!

An Australian girl plans to swim the English Channel in a topless outfit. Oh, well—a number of full-suited lady swimmers trying to paddle across the channel have barely made it.

A horse named Rowdy Dowdy won a Monmouth race and paid off \$62.20 for \$2. We'd say that's more like Howdy! Howdy!

STEVE ALLEN SERIES PREMIERE

Steve Allen and his wife, Jayne Meadows, are joined by comedian Louis Nye (atop piano) in satire and music on the Ch. 4 premiere of the Steve Allen Comedy Hour, new summer series starting Wednesday evening, June 14, in color at 10 o'clock over WBEN-TV.

Thanksgiving Is Every Day

By Rev. James M. McCormick
Pastor, St. John's Lutheran Church, Pleasant Township.

On June 10 each year, the rent is due for a church in Manheim, Pennsylvania. The rent will be paid on the second Sunday in June with —one red rose!

The custom dates from the 1800's when Baron Henry William Stiegel founded a prosperous glass works in eastern Pennsylvania. Being a religious man, he later built a church for the people of the area. The people were poor, however, so the Baron deeded the property to the congregation, with the only yearly payment being "the rent of one red rose if the same shall be demanded."

A colorful custom... a generous benefactor! We all have a benefactor who gave much more than we can ever repay. God gave his own Son to show the depth of his love for us. The

symbol of that love is the cross. It was on the cross that God's love spoke most eloquently, as Jesus forgave his enemies and provided for his friends.

Once a year is not enough to give thanks for this priceless gift. Thanksgiving should take place every day for a Christian! And it should be more than "lip service."

The people of Manheim have made their yearly tribute into a Festival of Roses, with flowers enhancing the church, and afterward being taken to the hospitals to beautify and comfort.

Does your life show the beauty of God's eternal love? Or does it exhibit an occasional "nod to God" when convenient or necessary? "Therefore be imitators of God, as beloved children. And walk in love, as Christ loved us and gave himself up for us, a fragrant offering and sacrifice to God." (—Eph. 5:1-2)

The Ninety and Nine Were Safe; — But One!?

State Economy Stagnant, University Experts Report

Some marked changes in business conditions in Pennsylvania are noted as a result of the leveling off of aggregate economic activity in the nation as a whole, business analysts at The Pennsylvania State University report.

While the United States does not appear to be on the brink of another recession, the performance of the economy in 1967 has shown little or no overall improvement, they report in the current issue of Pennsylvania Business Survey.

Gross National Product in the first quarter was, after accounting for price level changes, slightly lower than during the last quarter of last year; total employment has fluctuated within a narrow range for six months; retail sales have remained essentially stable this year; aggregate personal income has continued to rise but by very small amounts; and industrial production is down by about 2.5 per cent since last December.

"A departure of this magnitude from the high growth rates of the prior five years could not fail to have an impact on economic activity in Pennsylvania," they note.

Many Pennsylvania businesses have had to reduce their work forces, working time of employees, and payrolls. Total employment has declined from

the February peak by some 35,000 jobs, although unemployment has not increased sharply. The steel industry's operating rate is well below that maintained in the 1964-66 period and no substantial increases are foreseen in the next few months.

Pennsylvania retail sales during the first three months of this year were roughly unchanged, but new automobile sales fell sharply—by more than one-third in the same period.

Total employment in the State in April rose slightly, but failed to match the usual March-to-April gain, marking the second successive month of decline in the seasonally adjusted job total. Manufacturing industries have been even more sharply affected, with the seasonally adjusted employment total falling by 1.5 per cent in only two months to drop even below the level of April last year. Total factory hours worked as well as payrolls to factory workers have declined by more than 3.5 per cent since January.

Steel production in Pennsylv-

ania mills fell in April below the 2.5 million ton mark and when statistics for May are released, the output will show a further decline in the operating rate. The aggregate volume so far, this year is equivalent to an annual rate of 30.4 million tons, compared to 32 million tons last year and nearly the same tonnage in 1965.

Construction employment continued to fall in April from the seasonally adjusted peak in January and new contract awards for residential building have declined by more than 30 per cent in the past four months.

Retail sales in the State in March showed an increase of about 4 per cent over the year-ago level; the corresponding gain in February had been only 2 per cent. New automobile sales, as judged from auto registration data, have been extremely weak. The level last December was 163 per cent of the monthly average during 1957-59; by March the level had fallen to 103 per cent, a drop of more than one-third.

Crisis Keeps Stock Prices on See-Saw

(c) N.Y. Times News Service
NEW YORK — Developments in the Middle East kept stock prices on a see-saw yesterday but the market closed with its fourth consecutive advance.

Volume on the New York Stock Exchange topped Thursday's for most of the session, but trailed off in the final half-hour. Turnover yesterday amounted to 9.65 million shares, compared to Thursday's 8.3 million. Price advances outnumbered declines by 758 to 457. Actively traded issues were stronger than the rest of the list, with 13 of the 15 most-active stocks posting gains.

New highs for the year rose yesterday to 100 from 65 Thursday, while new lows rose to 29 from 23.

The Dow-Jones Industrial average moved within a 4-point range and closed at 874.89 up 1.69 points for the day and 11.58 points for the week.

The Dow-Jones railroad average closed at a new high of 254.55, up 3.18 points. Its principal source of strength was the Chicago and North Western,

which jumped 8 1/4 to 149 1/4.

The New York Stock Exchange composite index finished at 50.55, up 0.14 point, and Standard & Poor's 500-stock index at 91.56, up 0.16 point. The New York Times combined average of 50 industrial and railroad stocks closed at 513.46, up 1.69 points.

The American Stock Exchange closed an active week with another broad advance. The index of stock prices rose 16 cents to \$18.89 a new high for the year. Of the 907 issues traded, 429 moved ahead and 282 declined. Turnover came to 4,243,910 shares compared with 3,436,665 Thursday.
